POSCO Research Institute (POSRI)

C Mathematical and Quantitative Methods; E Macroeconomics and Monetary Economics; F International Economics Microeconomics; G Financial Economics; L Industrial Economics; Q Agricultural and Natural Resource Economics

POSCO Research Institute(POSRI) is a think tank of POSCO, a leading Korean Steel Company rated as the most competitive steel maker in the world by Fortune Magazine. POSRI is seeking experienced or newly qualified Ph.D.s (or Ph.D. Candidates) in any one of the following fields : Mathematical and Quantitative Methods; Macroeconomics & Monetary Economics; Financial Economics; International Economics; Industrial Organization; Environmental, Natural Resource & Energy Economics or related fields. The main tasks would be to carry out analysis and forecasts of macroeconomic variables, such as economic growth, foreign exchange rates by using quantitative economic models, and also undertake research on industrial policy and industrial restructuring, financial system and regulations, aspects of natural resources and energy, and changes in major economic policies. A good command of Korean is required.

Through e-mail, send a letter of application, the C.V. with the list of recent academic publications and three letters of reference by December 10, 2009 to the Office of Administration. Contact : the Recruiting Administrator, POSRI Bldg. 147 Samsungdong, Kangnamgu, Seoul 135-090, Korea(Tel: +82 2 3457-8022; Fax: +82 2 564-8880; email : recruit@posri.re.kr; E-mail is preferred). Website : http://www.posri.re.kr

Korea Institute of Public Finance (KIPF)

00 Any Field; H Public Economics

The Korea Institute of Public Finance (KIPF) has full-time permanent openings for qualified research fellows in the above fields. KIPF is a government-supported research institute in Korea. The major function of KIPF is to conduct policy-oriented research on all aspects of public finance, especially on tax and fiscal policies.

Applicants should have a Ph.D. degree or show evidence of near completion of such a degree. Independent research abilities and fluent communication skills in Korean are essential. Interested candidates must send cover letter, curriculum vitae, and sample research paper via email to rcd@kipf.re.kr. Three letters of recommendation and graduate study transcripts should also be submitted by December 20, 2009.

A representative of KIPF will attend the ASSA meeting.

Inquiry: Dr. Byung Mok Jeon, Director of Research Coordination Dept., KIPF, 28 Bangjugmalgil, Songpa-Gu, Seoul, 138-774, KOREA

Tel: 82-2-2186-2120, Fax: 82-2-2186-2129, E-mail: byungj@kipf.re.kr, Web Site: http://www.kipf.re.kr

Congratulatory Message from First President

Dear KAEA members:

Twenty five years have gone by since we began our organization. As one of the founding members of the KAEA, I would like us all to join in celebrating this special anniversary. Through our collective efforts, we have come a long way as a well-established academic society of economists and a respected ASSA affiliate.

Looking back, so many efforts of KAEA members contributed to our great achievements. We have grown hugely in our membership, we also have been extending our geographic base for membership from “regional” (North America) to “global.” More important, we have expanded our academic activities, in breadth and variety, while elevating the quality of our programs. Much, of course, remains to be done for further progress and innovative changes for the next generation and beyond.

We pay tribute to those who dedicated their time and energy serving in the KAEA Executive Committee, Advisory Board, and in other important capacities. Many of them did so in multiple roles, as General Secretary, Treasurer, Vice President, and President, some further extending their commitment otherwise. With mutual respect, gratitude, and hope for an even greater future of the KAEA, let us now all join in the forthcoming event in Atlanta.

In closing, we thank this year’s Executive Committee led by Professor Yoonbai Kim and recent members of the Advisory Board for their input into planning and presiding over this special anniversary.

Sincerely yours,

John Riew

Professor Emeritus of Economics, Pennsylvania State University

Congratulatory Message from KEA President

Dear KAEA members:

It gives me great pleasure to extend my best wishes on celebrating the quarter centennial anniversary of the Korea-America Economic Association. During the last twenty-five years, the KAEA has contributed much to the development of the Korean economy not only by promoting academic exchanges between Korea and the U.S. but by providing more balanced and forward-looking perspectives in formulating Korea's economic policies. With the outbreak of the current global economic crisis, the KAEA's role is now more important than ever as both advanced countries and emerging market countries such as Korea have to find solutions together for more sustained and balanced economic growth of the globe. I wish the KAEA and all of its members continued success in this regard. Congratulations once again.

In June Kim

President, Korean Economic Association

Job Openings

Korea Institute for International Economic Policy (KIEP)

D Microeconomics; F International Economics; F3 International Finance; F4 Macroeconomic Aspects of International Trade and Finance; F5 International Relations and International Political Economy; O1 Economic Development; O5 Economywide Country Studies

The Korea Institute for International Economic Policy (KIEP) has openings for full-time positions for qualified research fellows in the above fields. KIEP, a government-supported research institute, advises the Korean government on all major international economic policies. Our main areas of research are international trade and foreign investment, international macroeconomics and finance, and area/country-specific studies. For more information regarding our research activities, please visit our website at www.kiep.go.kr.

Applicants should be an experienced Ph.D. or a Ph.D. candidate in economics. We also encourage applications from Ph.D. economists who are interested in country-specific or regional studies, particularly in China, India and ASEAN member countries. Ability to conduct independent research and fluent communication skills in English are required. Fluency in Korean is not required but a plus.

Required application materials include a cover letter, curriculum vitae, graduate study transcripts, a research paper, and three letters of recommendation. Electronic submissions are preferred to Dr. Young-Joon Park at yjpark@kiep.go.kr.

Korea Capital Market Institute (KCMI)

E Macroeconomics and Monetary Economics; F International Economics Microeconomics; F5 International Relations and International Political Economy; G Financial Economics; K Law and Economics; L Industrial Economics; N2 Financial Markets and Institutions

Korea Capital Market Institute (KCMI), a leading capital markets think tank in Korea, seeks qualified candidates with research and policy interests in financial industries and institutions. The main responsibilities include writing research papers, providing policy analysis to the financial industry and to government agencies, and presenting research in professional conferences and public hearings. We encourage applications from both new Ph.D. candidates and experienced Ph.D. economists. New Ph.D. candidates should satisfy all requirements for his or her doctoral degree by the end of July 2010. Excellent analytical skills and strong Korean communication skills are essential. To apply, send vita and a recent research paper in PDF format via email by December 15, 2009. New Ph.D. candidates should also arrange to have three letters of reference sent, preferably via email. KCMI will interview selected applicants at the upcoming ASSA meeting, scheduled for January 3-5, 2010.

Contact: Dr. Jung-moh Chang (Tel: 82-2-3771-0621; email: changjm@kcmi.re.kr). For general information, visit the KCMI website at <http://www.kcmi.re.kr>.

Job Openings

Fl., Hana Daetoo BLDG., 27-3, Yoido-dong, Yongsungpo-ku, Seoul, 150-705, Korea (Tel 82-2-3771-0038; Fax 82-2-785-0270/1; email: zrhee@keri.org). For general information see: <http://www.keri.org>

Congratulatory Message from AEA President

Dear KAEA members:

It has been a great pleasure for me to watch the Korea-America Economic Association grow into a mature, successful organization. I am honored to congratulate you on your quarter-centennial celebration. I am also pleased that the KAEA is a long-time partner of the American Economic Association, a partnership that is mutually beneficial. I commend you for your geographical and academic growth over the past 25 years. I am confident of your continuing success. I wish you all the best.

Happy 25th Anniversary, KAEA!

Robert Hall

President-Elect, American Economic Association

Job Openings

Korea Institute of Finance (KIF)

00 Any Field; F3 International Finance; G Financial Economics; K Law and Economics

The Korea Institute of Finance (KIF) is a leading research institute in Korea, providing expert analysis on domestic and international financial markets, policy studies for the development of Korea's financial system and financial industry, and research on the managerial efficiency of financial institutions.

The KIF invites applications for research fellow positions. Successful candidates should have a Ph.D., or expect to finish defense by August 2010 in finance, economics, law and economics or related disciplines. Any fields are welcome to apply, but preference will be given to those with an interest in finance or financial economics. The ideal candidate is expected to be very fluent in Korean. To apply, please send a complete curriculum vita, letters of reference and a sample research paper to leekb@kif.re.kr by December 20. A representative will attend the ASSA meeting of January 2010.

Contact: Dr. Kyoobok Lee, Research Fellow of Macroeconomic Analysis and Forecasting Division, Korea Institute of Finance, 5th Fl. KFB Building, 4-1, 1-Ga, Myung-Dong, Jung-Gu, Seoul, 100-021, Korea (Tel: 82-2-3705-6323; Fax 82-2-3705-6199)

Please, submit an application via email to leekb@kif.re.kr. You should include 1) a curriculum vita, 2) letters of reference and 3) a sample research paper.

Samsung Economic Research Institute (SERI)

C Mathematical and Quantitative Methods; D Microeconomics; E Macroeconomics and Monetary Economics; F International Economics; G Financial Economics; H Public Economics; I Health, Education, and Welfare; J Labor and Demographic Economics; K Law and Economics; P Economic Systems

Samsung Economic Research Institute (SERI) has openings for qualified Ph.D. candidates specialized in the above fields. SERI is the leading think-tank in Korea, whose main objective is to provide vision, strategic analysis and policy recommendations on a wide range of economic and management issues towards the industrial and public sectors. To fulfill such missions, SERI publishes timely analytic reports on economic and management issues, suggests business strategies for the sustenance of competitive advantages, and supports public policymaking. Suitable candidates should have excellent research ability and fluent communication skills in the Korean language. We offer a competitive salary and benefits package. SERI is an equal opportunity employer. For further information, please check our website at www.seri.org or www.seriworld.org.

Please send a cover letter, curriculum vitae, two recommendation letters, and sample research paper(s). E-mail is preferred, but you can send a package by mail if you need to. Deadline for receipt: December 19, 2009. The applicants will be interviewed at the 2010 AEA meeting or by individual arrangement. Contact: Dr. Taehwan Rhee (email: taehwan.rhee@seri.org, telephone: (+82-2) 3780-8390).

Job Openings

Korea Development Institute (KDI)
